- **Github:** Gilthub Link
- **Portfolio:** Portfolio Link

PROFILE

I am a **Fresher in MERN Stack Full Stack Web Development** with a strong foundation in frontend and backend technologies. Passionate about learning, coding, and building innovative web applications to solve real-world problems. Seeking opportunities to kickstart my career and contribute to impactful projects.

EDUCATION

Seth G.L. Bihani S.D. P.G College Sriganganagar   **Jan 2022 - Present**
- Degree: Bachelor of Computer Applications (BCA)
- Duration: June 2022 - July 2025

SKILLS

- **Frontend:**   HTML, CSS, TailwindCSS, JavaScript, Reactjs
- **Backend:**   Node.js, Express.js
- **Database:**   MongoDB
- **State Management:**   React Query, React Redux
- **Version Control:**   Git

PROJECT

1 Basic JavaScript Projects:

Developed small-scale projects to improve logical thinking and programming skills.

   Example include:
   - **Tic Tac Toe Game**
   - **Weather APP**
   - **BMI Calculator**
   - **Random Jokes**
   - **Guess A Number Game**
   - **Random Password Generator**
   - **Rock Paper Scissors Game**
   - **GitHub Profile Finder**

2 Edtech StudyNotion Full Stack Project: **https://studynotion-online.vercel.app/**

Designed and developed a full-stack educational platform for selling IT courses.

Key Features:

Instructor dashboard for adding and managing courses.
Student portal for purchasing and tracking course progress.
Implemented secure role-based authentication and payment integration.

ACHIEVEMENTS

- Consistently developed responsive and user-friendly web interfaces using modern technologies.
- Optimized the performance of full-stack applications by improving database queries and React components.

- Successfully implemented role-based access control for secure web applications.
- Active contributor to open-source projects on GitHub to gain collaborative development experience.
